

AN INTELLIGENT INTERFACE, THREE INTEGRATED SOLUTIONS.

With **A1000**, you have complete control over your spaces.
Simple. Secure. Customizable.

Security, Home Automation, and
Temperature Control at your fingertips.

Security

Home
Automation

Temperature
Control

Choose the technology that makes your life easier.

A1000

With A1000, your space truly becomes smart.

Elegant, intuitive, and easy to configure, the A1000 keypad features **soft-touch keys** and was designed to give you **full control**, not only of your **burglar alarm**, but also of **home automation, temperature control, and access control**.

A1000 is much more than just a keypad: it's an **advanced interface** that integrates **security, home automation, and temperature management**, all in a single, sleek, and functional device.

The **large display** offers a **clear, bright view**, with **adjustable backlighting and contrast**.

Thanks to its **versatility**, **A1000** can be configured to operate in three main modes:

- **Alarm** - advanced intrusion protection
- **Temperature Control** - precise temperature regulation for maximum comfort
- **Home Automation** - simple, intuitive smart home management

You can **choose your default mode** and **switch between functions instantly**, thanks to a **simple and user-friendly interface**.

Available in two colors (white and black) and in Standard and Plus versions.

ALARM ALWAYS READY

Although designed as a multifunction interface, the **A1000** was created with security in mind. Its intrusion control functions remain constantly active, ensuring continuous protection at all times:

- **Clear, easy-to-read interface** with **graphic display**
- **Date, time, and temperature always visible**
- **Quick access to main screens**
- **Automatic switch to ALARM mode** in case of intrusion or timed zone violation

Even when set to home automation or temperature control, A1000 always puts security first.

SMART TEMPERATURE CONTROL

With **A1000**, you can **control the temperature of your spaces easily and intuitively**. The display shows in real time:

- **Active time slot**
- **Current and desired temperature**
- **Heating/cooling status**
- **24-hour scheduling (time slot graph)**
- **Automatic or manual mode**
- **Room-by-room control**
- **Summer/Winter mode**
- **Activation timer in manual mode up to 12 hours**
- **Quick access to Alarm and Home Automation functions**

Thermal comfort becomes simple, efficient, and completely under control.

SMART HOME

A1000 gives you **full control over home automation modules.**

- Graphic display of **output status**
- **Instant command activation (ON/OFF)**
- **Adjustable thresholds (%)** for lights and shutters
- **Control of individual outputs or grouped devices** by room
- **Quick access across different functions**

Your home responds to your touch, room by room.

From lights and shutters to gate control: everything is just a tap away.

Features	A1000	A1000 PLUS
Graphic Display	High-resolution 192x64 pixel	
Keypad	Capacitive Soft-Touch Keypad with graphical interface	
Operating Modes	Alarm, Home Automation, Temperature Control	
Alarm Function	Complete intrusion system management, event memory, zone exclusion/inclusion, user code changes, phone number updates, and more	
Home Automation (SMART HOME)	ON/OFF output control, output regulation in % for MD modules, shutters, lights, etc.	
Temperature Control	Integrated temperature sensor, time slots, summer/winter selection, timer, room control, manual/automatic activation with chronothermostat function	
Zone Terminals	2 (balanced NC/NA)	
Proximity Reader	-	Integrated NFC TAG reader
Audio Output	-	Audio output for system status indication and guided HELP, digital audio, volume and key illumination adjustment
Compatibility	ULTRA - XTREAM/RAPTOR (alarm function only)	
Power Consumption	60 mA	
Power Supply	10.5V DC – 15V DC	
Wall mounting	simplified with wall mounting base, removable terminals on wall base	
Available colors	white, black	
Dimensions	147 x 139 x 19 mm	

Code	Model	Description
1111144	A1000 BLACK	A1000 Touch Sense Keypad BLACK – Basic functions
1111146	A1000 WHITE	A1000 Touch Sense Keypad WHITE – Basic functions
1111145	A1000 BLACK PLUS	A1000 Touch Sense Keypad BLACK – Advanced functions
1111147	A1000 WHITE PLUS	A1000 Touch Sense Keypad WHITE – Advanced functions

**With A1000,
control your home without
compromising on design.**
